

isEazy partners with myskillcamp to offer a catalog of power skills courses to all its users

- [isEazy](#), the Spanish technology leader in e-learning solutions, has signed an agreement with the Belgian company specialized in digital learning myskillcamp, to **offer its clients its complete catalog of courses for developing power skills**.
- Through this new partnership, [isEazy](#) will offer its e-learning content to **myskillcamp users in Europe (France, Belgium, Luxembourg, Germany, and the Netherlands), South America, the United States, and the United Kingdom**.

Madrid, 29th March 2023 – A collaboration agreement has been signed between the Spanish technology company [isEazy](#) and the Belgian scale-up myskillcamp, to offer users of this digital learning platform all the e-learning courses in the isEazy catalog, the one-stop shop for corporate training. Founded in 2015, myskillcamp provides organizations with an effective and engaging learning environment for their employees and has over 20 course providers. However, **the alliance with [isEazy](#) represents a strategic advantage by making a complete catalog available to its users to develop the most demanded power skills on the market**. Premium content will be available to its customers in Europe (France, Belgium, Luxembourg, Germany, and the Netherlands), South America, the United States, and the United Kingdom.

Thomas Doeuve, Head of Channels & Alliances at myskillcamp, explains: "Our learning contents marketplace is at the heart of myskillcamp's strategy. We keep reinforcing it with topics and pedagogical approaches that will generate the greatest impact for our customers. We are very proud to be partnering with [isEazy](#). **Their micro-learning and interactive-based courses will be a solid asset for myskillcamp to keep enriching its marketplace and to create its adaptive learning journeys library**. [isEazy](#) has strong roots in the European or American markets, our structures will both benefit from this mutual network to continue helping organizations upskill and reskill their collaborators."

On the other hand, [isEazy](#) is the leading Spanish technology company in e-learning solutions for developing training, communication, and corporate knowledge processes. Through this agreement, the company makes its catalog of power skills courses available to myskillcamp users to promote internal talent: [isEazy Skills](#). This **catalog includes more than 540 courses on soft skills and digital skills programs to train teams**, regardless of their profile, training need, or the type of company they work for.

"We are thrilled to partner with myskillcamp as a leading digital learning solutions firm with a large audience worldwide. Together we can reach more companies and help them develop their internal talent with a focus on premium learning content. **We bring the latest solution for boosting power skills among professionals, adapted to the most effective learning methods**. This partnership is a

step forward that will allow us both to offer an agile, dynamic, and innovative training model to help develop power skills in every workplace", adds **Miguel Valverde, General Manager at [isEazy](#)**.

In fact, [isEazy Skills](#) offers **training in power skills for the 8 critical areas of any organization**: Digital Mindset; Well-being and Happiness; Sustainability and Diversity; Leadership and High-Performance Teams, Communication and Interpersonal Relations; Change, Creativity and Innovation; Sales and Customer Experience; Efficiency and Digital Productivity. Thanks to its **100% practical methodology and its multimedia and interactive resources**, [isEazy Skills](#) helps to generate habits that professionals can quickly transfer to their workplace.

About isEazy

[isEazy](#) offers an end-to-end e-learning experience, providing organizations with the tools to successfully tackle any online training project. Since its inception in 2002, the company has implemented more than 100,000 projects in more than 90 countries and has developed e-learning tools at the forefront of corporate learning innovation.
